Customizable features

Your vehicle includes a variety of electronic features that can be personalized to your preferences. Programming these preferences requires specialized equipment and may be performed by an authorized Lexus dealership.

It is also possible to customize certain vehicle features yourself using the navigation screen.

Some function settings are changed simultaneously with other functions being customized. Contact your Lexus dealer for further details.

Settings that can be customized at a dealer

The following table includes some settings that can be customized using the navigation system display. (→P. 800)

Item	Function	Default setting	Customized setting
Smart access system with push-button start (→P. 40)	Smart access system with push-button start	On	Off
	Door unlock function	Driver's door	All the doors
			Each door
			Same side doors
Wireless remote control (→P. 55)	Wireless remote control	On	Off
	Unlocking operation	Driver's door unlocked in one step, all doors unlocked in two steps	All doors unlocked in one step

Item	Function	Default setting	Customized setting
Wireless remote control (→P. 55)	Time elapsed before automatic lock function is activated if door is not opened after being unlocked	60 seconds	Off
			30 seconds
			120 seconds
	Operational signal (Emergency flashers)	On	Off
	Trunk unlocking operation	Push and hold	Push twice
			One short push
	Alarm (panic mode)	On	Off
Smart access system with push-button start and wireless remote control (→P. 40, 55)	Operation signal (Emergency flashers)	On	Off
	Open door warning buzzer	On	Off
Door lock (→P. 58, 755)	Speed-detecting automatic door lock function	Off	On
	Opening driver's door unlocks all doors.	Off	On
	Shifting gears to “P” unlocks all doors.	On	Off

Item	Function	Default setting	Customized setting
Door lock (→P. 58, 755)	Shifting gears to position other than “P” locks all doors.	On	Off
	Unlocking using a mechanical key	Driver's door unlocked in one step, all doors unlocked in two steps	All doors unlocked in one step
Trunk (→P. 63)	Power trunk opener and closer function	On	Off
Power easy access system (→P. 87)	Driver’s seat movement when exiting the vehicle	Full	Off
			Partial
	Steering wheel auto away and return function	On	Off
Power windows (→P. 110)	One-touch close operation using the power window switches on the front passenger door and each rear door	On	Off

<table>
